## Oil-based suspension concentrates

## Abstract

New, oil-based suspension concentrates composed of

- at least one room-temperature-solid compound of the formula (I'),
- at least one penetrant,
- at least one vegetable oil,
- at least one nonionic surfactant and/or at least one anionic surfactant, and
- optionally one or more additives from the groups of the emulsifiers, foam inhibitors, preservatives, antioxidants, colorants and/or inert filler materials,

a process for producing these suspension concentrates, and their use for applying the active substances comprised.
